## Orrville High School ALUMNI ASSOCIATION

## Commemorative Bricks 2021

Back by popular demand, we are once again offering the opportunity to purchase engraved bricks. This very popular fundraiser for the 2000 Reunion resulted in over 350

engraved bricks, which were first used as a walkway to the school sign. As part of the 2013 construction for the new O.H.S. building, the bricks were all carefully moved and are now placed in a unique sidewalk that enhances the main entrance on the north side of the new high school.

Having names and dates engraved in bricks creates a lasting memorial of our special school and its special people.

We urge you to consider all the ways in which our past can be shared:

## Individual: Students, faculty members, administrators

Your own name and class year Names of your parents or children who attended O.H.S. Names of friends or teachers you would like to honor Names of deceased classmates

- □ Family Names
- □ Graduating Classes
- Businesses and Organizations

Show support and appreciation for O.H.S.

## Other sample ideas

Athletic Teams— Record a special accomplishment or year Band Trips—Place and year State Champions—Name and Year Valedictorians/Salutatorians—Name and Year Clubs—i.e. Student Council, National Honor Society, etc.

The brick walkway enhances the appearance of the school and provides one more reason to be proud of O.H.S.

Students, alumni and visitors enjoy reading the engraved names and messages.

Funds raised through this project will help to pay for the O.H.S. 2021 Reunion and to further support the efforts of the O.H.S. Alumni Association.

Any remaining profits will be used for future alumni projects and/or donated to the Orrville City Schools Endowment Fund for scholarships.
